## **What is a CSA?**

CSA (Community Supported Agriculture) is a model where you pre-order pre-assembled boxes of veggies to be delivered to your neighborhood drop site on predetermined dates. We share the risks and rewards of the season. This means if we have a bumper year for carrots (for example), your box may find extra carrots. Alternatively, if it's a tough year for cabbage (for example), you might not get much or any cabbage. In any case, we'll provide you two very high quality boxes worth at least \$50 each.

### **Price:**

- \$100 If ordered before 9/1
  - \$110 If ordered after 9/1 until shares are full
- (Add ons:)
- \$10 Sourdough Loaf
  - \$ 7 Fermented habanero carrot hot sauce
  - \$20 Blackbrook Farm whole chicken
  - \$ 8 Blackbrook Farm bacon, ground pork or ground beef

**Payment:** When you sign up you'll receive an invoice. You can pay by venmo or credit card.  
**You are not a member until fully paid up!**

**Pickup:** 10/10 & 10/24
